

APPENDIX D

Elderly Household Income Statistics by Community

HUD no longer calculates official numbers for elderly low- and moderate-income households by municipality. Therefore communities seeking CDBG funds for senior center projects must request updated elderly low- and moderate-income household data from DHCD prior to submitting an application. Please contact Karen Bresnahan at (617) 573-1441, or Karen.Bresnahan@state.ma.us to request this information.

APPENDIX E

Low and Moderate Income Limits

HUD issues income limit and rent level data annually. These data sets are readily available on their web page at the following addresses:

General data sets:
